The Cyclone 4 is the most compact loudspeaker in the Cyclone range, designed to deliver clean, high-quality sound from a minimal footprint. Featuring a 4” coaxial transducer, it offers tight low-mid performance and clear high-frequency response via its 0.75” soft dome tweeter. Its non-resonant ABS enclosure, along with marine-grade grille and aluminium bracket, ensures outdoor durability, while the IP-55 rating, UV-resistant paint, and mounting bracket compatibility make it perfect for premium outdoor environments such as yachts, resorts, lounges, and poolside areas.
