U-Wi

KNA U-WI INIVERSAL WIRELESS SYSTEM

U-Wi Universal Wireless System
The KNA U-Wi System is specifically designed to seamlessly complement KNA piezo pickups, providing an innovative wireless solution that amplifies your acoustic sound with unmatched clarity and freedom.

While tailor-made for KNA products, its versatile design also makes it compatible with other piezo pickups, offering flexibility for musicians with diverse setups. Compact, practical, and easy to attach, the U-Wi is perfect for any acoustic setup—whether you're performing on stage, rehearsing, or recording in the studio.

KNA U-WI INIVERSAL WIRELESS SYSTEM

PRODUCT DETAILS

KEY FEATURES

Fast pairing and compact design. Pair the transmitter and receiver in seconds for quick, hassle-free operation. Small and lightweight, the U-Wi transmitter can be easily attached to your instrument using a magnetic mount or securely clipped to your belt or pocket for ultimate convenience.

Magnetic Attachment. Start by checking the magnet’s polarity, then apply the adhesive sticker to the magnet. Remove the clip from the transmitter and position it on your desired spot on the instrument. Loosen the strings, then carefully align the magnet from inside the instrument with the transmitter on the outside. Press gently to ensure a secure and stable hold. Note: The magnet is strong—handle it with care to prevent it from snapping into place unexpectedly or attaching to an unintended spot.

?ptimized for KNA Pickups with universal compatibility. Designed specifically for KNA piezo pickups, the U-Wi ensures seamless integration and optimal performance. It also works flawlessly with other piezo pickups, delivering natural sound with minimal latency.

Onboard volume control and long battery life. Fine-tune your sound with 13 adjustable volume levels. The rechargeable battery delivers up to 6 hours of continuous use, with USB-C charging for quick recharges.

Extended wireless range and multiple channels. Enjoy a stable, interference-free wireless connection with a range of up to 50 meters and support for up to 40 channels, making it ideal for performances in any venue size.

Durable and performance-ready . Crafted from high-quality materials, the U-Wi System is built to last while providing dependable performance for regular use.
