BEATBUDDY 10th ANNIVERSARY

STOMPBOX DRUM MACHINE - 10TH ANNIVERSARY VERSION

BEATBUDDY 10th ANNIVERSARY

To mark 10 years of unbeatable performance, we're introducing the BeatBuddy 10th Anniversary Edition—a limited edition, all-black and gold pedal with a sleek, matte finish.

Bring professional drums to your pedalboard. Built like a guitar pedal stompbox, the BeatBuddy delivers authentic, studio-quality drum beats wherever you play. Experiment with 220+ styles and 24 genres to find your perfect match. Customize your performance with fills, transitions, intros and outros by simply tapping your foot.

BeatBuddy's dynamic, award-winning samples play in 24-bit studio-grade sound with 32-bit floating point processing. Utilize near-endless memory to add up to 3 million songs using an SD card. Included BeatBuddy Manager software lets you create and edit custom beats, create set lists and more.
