SONIX MWP BK
4" WALL TOUCH SCREEN PANEL FOR SONIX M8800 AUDIO MATRIX (BLACK)

The SoniX MWP is an in-wall control with a 4" color touch screen designed to control input volumes, mutes, and 8 preset recall of the SoniX M8800 matrix. It comes with an external power adapter, all adapter cables to the standard RJ-45 serial connection, and 80x80mm recessed wall box.

SONIX MWP BK
4" WALL TOUCH SCREEN PANEL FOR SONIX M8800 AUDIO MATRIX (BLACK)

HIGHLIGHTS

EASY ONE-FINGER CONTROL

You can instantly control the volume and mute of the 8 inputs, mute the entire system, and recall 8 of the 32 presets available on the SoniX M8800. Each preset can contain all the settings for the 8 inputs and output zones, as well as every control parameter for the numerous processing functions.
