CUSTOM SHOP ANCHO POBLANO STRATOCASTER® PICKUPS, SET OF 3

With tone as big as Texas, the Fender® Custom Shop Ancho Poblano Stratocaster® Pickups deliver giant sound for the player that likes everything bigger. Crafted using ingredients according to our own secret recipe, these spicy single-coil calibrated pickups crank out fat, high-output tone with plenty of sonic flexibility. With hotter output from the neck pickup to the bridge pickup, these pickups have all the vintage-style tone and dynamic response that made Fender a legend - just more of it.

Uniquely overwound for a wide range of high-output tones—from blistering-hot output to sizzling vintage warmth—with plenty of tonal flexibility.
