K-SPKCABLE750

SPEAKON NL4 POWER CABLE 0,75M / 2,46FT

Reliable connectivity for professional audio setups

This **0.75-meter (2.46ft) SpeakON NL4 power cable** is designed for **secure and efficient speaker connections** in professional audio systems. Featuring **high-quality NL4 connectors**, it ensures **stable signal transmission** with minimal loss, making it ideal for linking passive loudspeakers to amplifiers or powered systems.

Compact in length, it’s perfect for **rack-mounted setups, short patch runs, or clean installations** where space and cable management matter. Built for durability, it offers **rugged performance** in both fixed installations and mobile applications.
