JOHN 5 351 CELLULOID PICKS (6 PACK)

John 5’s supernatural skill and terrifying command over the guitar have cemented his status as a living legend. Best known formerly as the corpse-painted, country-inflected guitar shredder for Rob Zombie, John 5 has worked with the biggest names across all walks of music: everyone from David Lee Roth, Alice Cooper and Mötley Crüe to Rod Stewart, Lynyrd Skynyrd and KD Lang. Whether he’s sweeping a swift arpeggio, deftly maneuvering a breakneck bluegrass run or tapping at the speed of light, John 5’s genre-defying sonic sorcery is always instantly recognizable.

Inspired by his bewitchingly beautiful signature Ghost Telecaster®, the John 5 Capsule Collection was designed in collaboration with the acclaimed guitarist. Featuring his logo and graphics as twisted as his Tele® playing, the John 5 Celluloid Picks are the perfect collectible for any John 5 fanatic.
