

M54403X

GOLDEN MELODY PROGRESSIVE HARMONICA, D

The new GOLD standard in sound and design

The Golden Melody Progressive, HOHNER's only professional diatonic model tuned to equal temperament, has undergone a radical redesign to improve handling, stability and airtightness. While retaining the warm tone which has made it a favorite of single note melody players in many different styles, the new Golden Melody Progressive offers a fuller, more powerful sound, combined with optimal playing comfort. And it looks great too!
