# DIATONIC CHILDREN HARMONICA SPEEDY BLACK&WHITE

---

M91311

## THE DIATONIC BEGINNER

When developing the Speedy, we wanted to create a diatonic beginner's instrument that would be perfect for children – hence the durable construction and large, wide separated holes.

Who knew that it would turn out to be perfect for the initial orientation not just for children, but for adults, as well? Within minutes, you'll be able to play the first easy melodies on this wonderful learner's harmonica.

And the best for last: thanks to the four different color variants, you'll definitely find your favorite!
