CUNIFE™ WIDE RANGE JAZZMASTER® PICKUP SET

Supercharge your Jazzmaster with classic Fender wide range humbuckers that will fit any Jazzmaster with no modifications needed. Everything that you love about the Wide Range humbucker but in a Jazzmaster cover. The Wide Range CuniFe™ Jazzmaster pickups deliver rich bell-like humbucking tone with full bass and clear treble. CuNiFe™ pickups have “hi-fi” clarity yet never lose their attack and definition no matter how hard they are pushed. Sought after by musicians of all genres for decades, the original-era real CuNiFe™ magnet pickups disappeared when the Telecaster Custom was discontinued in 1979.
