

GF82W

8X 2" PASSIVE LINE ARRAY COLUMN LOUDSPEAKER WHITE FINISHING

GF82

Compact 8x2" Line Array Column Speaker

Ultra compact 8x2" line array column speaker featuring K-array™ PAT® (Pure Array Technology).

Capable of delivering up to 100W RMS, this tiny beast combines all the benefits of a line array such as the long throw and dispersion control, with a minimal, low eye impact design without sacrificing sound quality.

GF82 is perfect for all those situations that require an even sound distribution and a compact format. Its ABS enclosure makes it suitable both for indoor and outdoor applications in permanent installations for music and speech in hotels, bars, restaurants, retail shops, transportation facilities and conference rooms as well as in residential environments.

For best performance in music applications combine it with a GS6 matched subwoofer.
