NEK-110 BK

PORTABLE KEYBOARD 61 KEYS (BLACK)

The NUX NEK-110 is a portable performance keyboard that packs powerful versatility and expressive sound in a sleek, gig-ready design. Whether you’re layering tones with its Triple Voice Mode, streaming backing tracks via Bluetooth Audio, or taking it on the go thanks to its built-in rechargeable battery, the NEK-110 is your all-in-one music workstation for rehearsals, busking, songwriting, and spontaneous jam sessions.

HIGHLIGHTS

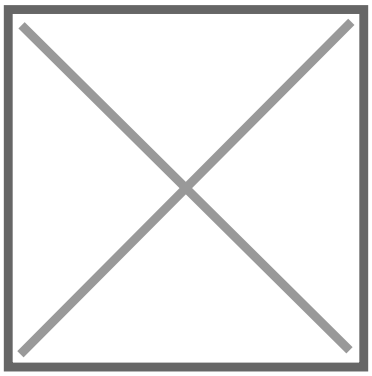

FIND YOUR SOUND AMONG 700 TONES

With 700 high-quality tones – including acoustic pianos, orchestral instruments, synthesizers, and more – the NUX NEK-110 lets you instantly capture your musical ideas the moment inspiration strikes. Whether you're composing, performing, or jamming, it always delivers the right tone at the right time.

LAYER UP TO TRIPLE VOICE FOR RICHER EXPRESSION

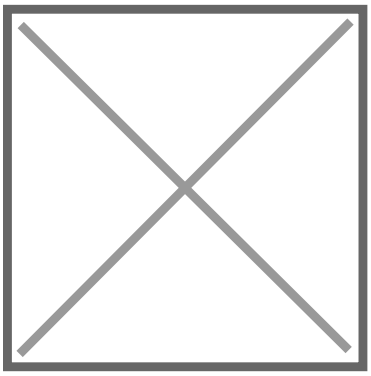

The NUX NEK-110 features powerful Triple Voice Layering, allowing you to blend up to three different tones at once – with independent volume and pan control for each layer. Craft rich textures by layering strings over a grand piano, then adding a warm synth pad underneath. It's the perfect tool to create a fuller, more expressive performance, giving your sound depth, color, and character that stands out on stage or in the studio.

40 BUILT-IN EFFECTS TO SHAPE YOUR SOUND

From warm and lush reverbs and wide stereo choruses to gritty Rotary effects, Lo-fi, Wah, and Delay, the NUX NEK-110 gives you a full suite of digital effects to shape your unique sound. Each effect can be layered and fine-tuned independently, giving you complete control over your tone. Just plug in your headphones, and you'll hear a stage-ready mix – perfect for late-night practice, recording, or live performance.

9 PRESET BANKS, SAVE AND SWITCH INSTANTLY

Save your go-to setups across 9 user preset banks, including Tones, Layer and Split settings, DUO Mode, Scales, Arpeggiator patterns, and all your customized Effect parameters. Instantly recall them during a performance – no reprogramming, no menu diving, just seamless switching for uninterrupted creativity on stage.

LEARN BY LISTENING, IMPROVE BY PLAYING

The built-in demo songs on the NUX NEK-110 supports both full playback and left and right-hand practice modes, making it an ideal companion for piano learners and growing players. Whether you're just starting your musical journey or looking to sharpen your technique, the NEK-110 is thoughtfully designed to support your growth and progress every step of the way.

COMPREHENSIVE CONNECTIVITY

The NUX NEK-110 offers full Bluetooth MIDI and Bluetooth Audio support, enabling seamless integration with mobile devices. Its USB connectivity makes it a natural fit for any DAW-based setup, while the headphone output, audio input/output, and sustain pedal jack ensure it adapts to any setup—whether you're practicing at home, recording in the studio, or performing live on stage.
