ZEUS 4800-H

4 X 800W @ 8OHM / 4 X 1050W @ 4OHM PROFESSIONAL CLASS-H POWER AMPLIFIER

The ZEUS-H series 4-channel amplifiers are designed to offer reliability and robustness for both portable systems and fixed installations.

Class H technology guarantees audio quality and moderate power consumption compared to other amplifier classes.

The difference compared to similar systems lies in the careful attention paid to the quality of the components (toroidal transformers, electrolytic capacitors, transistors, and others) and the effectiveness of the protections and limiter, all with a view to robustness, durability, and protection of both the internal circuitry and the speakers they drive.
