UK-Wi

KNA UK-WI WIRELESS PICKUP SYSTEM FOR UKULELE

Wireless Piezo Pickup for ukulele

Uk-Wi combines the natural clarity of the acclaimed UK nylon-string piezo pickup with the freedom of a modern wireless system in one streamlined unit.

Designed for players who demand authentic tone and a fully cable-free setup, it captures the true acoustic character of nylon-string guitars while delivering stable, long-range wireless performance.

With fast setup, dependable battery life and consistent signal strength, uk -Wi gives musicians complete freedom of movement without sacrificing sound quality.

Compact, portable, and easy to use, it’s an ideal solution for live performance, rehearsal and more.

KNA UK-WI WIRELESS PICKUP SYSTEM FOR UKULELE

PRODUCT DETAILS

KEY FEATURES

Advanced Wireless System Enjoy a stable, cable-free connection to your amplifier, mixer, or audio interface. The UK -Wi delivers high-fidelity wireless transmission while giving you the freedom to move naturally in any performance setting.

Easy Install, No Modification The piezo element attaches securely to the tie block using only string tension. Installation is fast, safe, and fully reversible. Your ukulele stays original and unaltered by drilling, cutting or gluing.

Pure, Natural Tone The UK-Wi utilizes a fully passive piezo design that captures the genuine acoustic character of your ukulele. No battery is required for the pickup element itself.

Precise Volume Adjustment & Dependable Battery Choose from 13 selectable volume steps. The transmitter’s rechargeable battery delivers up to 6 hours of continuous use and recharges quickly via USB-C.

Premium, Stylish Design Finished in real mahogany, the piezo sensor blends seamlessly with the natural beauty of your instrument. Its lightweight wood casing enhances tonal sensitivity.

Extended Wireless Reach & Multi-Channel Support Perform confidently in any venue with a stable wireless range of up to 30 meters and support for 40 selectable channels, ensuring interference-free operation.

Flexible Multi-Option Transmitter Attachment Designed for comfort and mobility, the compact transmitter attaches effortlessly to your instrument via magnetic mount, or clips to your belt or pocket, ensuring secure and adaptable placement.
