STM-720-BK

BOUNDARY CONDENSER MICROPHONE BLACK

The STM-720-BK is a slim-design boundary microphone suitable for all conferencing, church, and theater applications.

Thanks to its stylish design and black finish, it can be placed on tables or walls without interfering with the room's architecture.

The microphone features a mini-XLR connector and requires 9V-48V phantom power to accommodate any type of audio equipment.

It comes with a 10-meter cable with mini-XLR to standard XLR connectors
