CONTOUR™ INSTRUMENT CABLE, IRIDESCENT, 10', 0990571133

Add some shimmer to your signal chain. The Fender Galaxy Cable brings stage-ready tone and striking style together in one premium design. Wrapped in iridescent faux leather that catches the light from every angle, it combines solid construction with 90% oxygen-free copper spiral shielding and durable nickel-plated connectors for crystal-clear sound you can rely on. Built to perform and built to last, this cable delivers durability, clarity, and unmistakable Fender attitude.
