TELECASTER® S/S PICKGUARD, ROSEWOOD, 0992188001

One of the easiest ways to change the look of your Fender® instrument is to replace the pickguard. Made with real rosewood, this 5-ply laminated Telecaster® pickguard offers a striking woodgrain aesthetic that makes every instrument truly one of a kind.

Precision-cut for a perfect fit, it’s designed with standard Telecaster® SS pickup and control routing. Durable, functional, and beautiful—this is the ultimate upgrade for players who want classic Fender style with a refined, natural twist.
