HYBRID GLASS/GLITTER TELECASTER® S/S PICKGUARD, DARK GRAY SPARKLE, 0992186001

One of the easiest ways to change the look of your Fender® instrument is to replace the pickguard. Transform your Telecaster® with our innovative hybrid pickguard featuring a striking 50/50 blend of glass glitter and sparkle for unmatched visual depth and shimmer.

Precision-cut for a perfect fit, it’s designed with standard Telecaster® SS pickup and control routing. Durable, functional, and beautiful, our unique blend of glass glitter and traditional sparkle creates a multi-dimensional finish that catches light from every angle.
