ALCHEMIX 803 PRO RACK KIT

RACKMOUNT KIT FOR ALCHEMIX 803 PRO MIXERS

These kits are designed to allow the AlcheMix Pro series mixers to be mounted in a 19" rack. Two models are available: ALCHEMIX 403 PRO RACK KIT (for AlcheMix 403 Pro) and ALCHEMIX 803 PRO RACK KIT (for AlcheMix 803 Pro. Each kit consists of two L-shaped brackets. Installation is easy; simply remove both plastic sides from the mixer, unscrew the screws already attached to the side, and re-tighten them together with the bracket for each side.

The kits are pre-drilled with 4 holes for mounting in any standard 19" rack. Once installed, the mixer occupies 14 rack spaces. Rack-mounting screws and washers are not included.

ALCHEMIX 803 PRO RACK KIT

19" Rack Standard
