ZEPHIRO BUB SMOKE 6

SMOKE BUBBLE MACHINE

ZEPHIRO BUB SMOKE 6

The **Zephiro Bub-Smoke 6** is a cutting-edge hybrid atmospheric effects machine engineered to simultaneously produce bubbles and fog, creating striking smoke-filled bubbles for powerful, high-impact visual experiences.

Designed for professional application, including live events, stage performances, theme parks, and broadcast productions, it combines a sophisticated dual-fluid system with an advanced RGBUV LED lighting array and versatile multi-protocol control compatibility.

Its robust all-metal housing ensures exceptional durability, while the high-efficiency heating system delivers rapid warm-up times for immediate readiness. Compact yet powerful, the Zephiro Bub-Smoke 6 is built for consistent performance in dry, well-ventilated indoor environments as well as controlled outdoor settings.

Operating exclusively with certified, non-toxic, and non-flammable fog fluids, it guarantees safe and reliable use in any approved environment. Free from open flames and hazardous residues, it offers a clean and safe alternative to traditional pyrotechnic effects, combining safety, versatility, and creative freedom in a single professional-grade unit.

ZEPHIRO BUB SMOKE 6

SMOKE BUBBLE MACHINE

HIGHLIGHTS

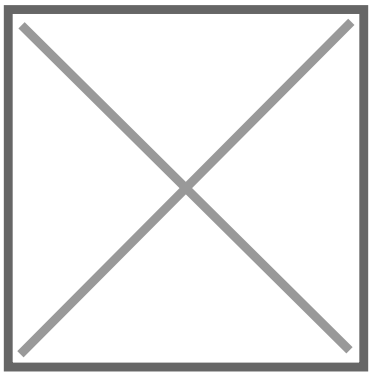

SMOKE-FILLED BUBBLE HYBRID EFFECT

The Smoke-Filled Bubble Hybrid Effect combines fog and bubbles into a single stunning visual phenomenon. It creates floating bubbles filled with dense atmospheric smoke for a surreal stage impact. Ideal for concerts, shows, and immersive environments, it transforms any space into a cinematic scene. A perfect blend of lightness and mystery for unforgettable visuals.

ADVANCED RGBUV LIGHTING SYSTEM

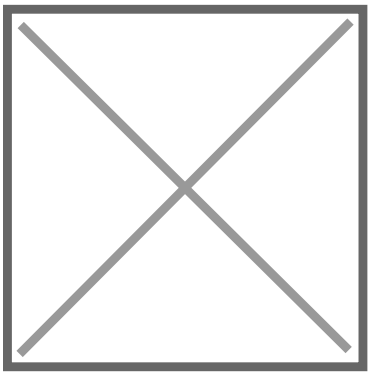

The Advanced RGBUV Lighting System enhances every bubble with rich, dynamic color effects. It combines visible RGB tones with UV illumination for deeper visual intensity and contrast. Perfect for dark environments and stage lighting design, it elevates the atmosphere instantly. Every effect becomes more vibrant, modern, and visually engaging.

ZEPHIRO BUB SMOKE 6

SMOKE BUBBLE MACHINE

PROFESSIONAL DUAL-FLUID PERFORMANCE SYSTEM

The Professional Dual-Fluid Performance System ensures smooth and continuous operation for both smoke and bubble effects. It is engineered for efficiency, stability, and long-lasting performance during live use. The system guarantees consistent output even in demanding stage environments. Designed for professionals who require reliability and creative flexibility.

PRODUCT DETAILS

KEY FEATURES

- Smoke-Filled Bubble Effect delivers a unique high-impact visual experience
- Dual Output Modes allow operation in bubbles or smoke-filled bubbles
- RGBUV LED Lighting provides dynamic illumination with 10 vibrant colors
- DMX512 & Wireless Control ensures flexible and professional remote management
- Rapid Heat-Up System enables the machine to be ready in just 1–2 minutes
- Dual Fluid Tank System offers extended runtime with efficient recirculation
- Heavy-Duty Metal Housing guarantees durability and long-lasting performance
- Indoor & Outdoor Ready ensures reliable use in multiple controlled environments
- Low-Residue Operation produces clean effects with minimal residue
- Professional Stage Performance makes it ideal for live shows and events

SPECIFICATIONS

Input Voltage	AC220-240V, 50Hz
Power Consumption	600W
Heat-Up Time	1-2 minutes
Ambient Temperature	5° - 50°C (41° - 122°F)
Fog jet direction	Horizontal
Control Mode	Manual, Wireless Remote Control, DMX
LEDs Type	6x 8W LED (RGBUV 4-in-1)
Power Connectors	Europlug to PowerCon
Fuse	12A

ZEPHIRO BUB SMOKE 6

SMOKE BUBBLE MACHINE

Fluid type	Non-hazardous, distilled water-based(both Fog and Bubbles liquids)
Tank Capacity	2x 1.5 L
Material	Metal
Fixture Dimensions (WxDxH)	420 x 320 x 555 mm(16.53 x 12.60 x 21.85 in.)
Packing Dimensions (WxDxH)	500 x 400 x 610 mm(19.69 x 15.75 x 24.02 in.)
Product Weight	17.3 kg – 38.14 lbs.
Package Weight	19.3 kg – 42.55 lbs.
