

IK110

61-KEYS "TOUCH RESPONSE" ENTRY LEVEL KEYBOARD WITH LED KEY LIGHTING SYSTEM

The IK110 keyboard is a compact instrument packed with features suitable for all aspiring musicians.

It features 500 preset sounds and 170 styles to cover countless musical genres and offers the ability to play many songs with the support of automatic accompaniment.

The keyboard's touch response and 64-voice polyphony allow for performances where the differences and nuances of each touch are highlighted.

Thanks to a built-in tutorial system, LED lights on the keys will indicate the correct notes to play based on the selected part for easy learning from one of the 140 preset songs.

Features include USB-MIDI connectivity, a sustain pedal input, and microphone and line inputs.

The lightweight design allows for easy portability, making this keyboard ideal for both home practice and music lessons.
