

CASE-BUB-SMOKE 6 FLIGHT CASE FOR 1 CENTOLIGHT ZEPHIRO BUB-SMOKE 6"

Stackable flight case with wheels, specifically designed to hold 1 unit of the CENTOLIGHT ZEPHIRO BUB-SMOKE 6. Built with highly durable materials, this case provides optimal protection during transport and storage of the equipment. Its structure is strong and rugged, engineered to withstand impacts, vibrations, and the stresses typical of professional touring, live events, and installations.

Equipped with reinforced wheels for easy transport even when fully loaded, and a stackable design that allows efficient space management during shipping and storage. The internal layout is designed to keep the device stable and secure, minimizing any accidental movement. Metal latches and industrial-grade finishes ensure reliability and long-lasting durability over time.

Ideal for sound engineers, lighting/audio rental companies, and event professionals who need a practical, safe, and professional transport solution.
