AMP ACADEMY NGS-6
AMP MODELER STOMP BOX

Nowadays the Amp-less approach is quickly becoming a trend for modern musicians who appreciate a variety of pedals and amps, but don't have the luxury of a roadie crew to lug all of them around.

Amp Academy inherits NUX TSAC-2K (White-box Amp Modeling) algorithm which delivers the sound and feel of **12 world-class tube amplifiers** in a super-portable stomp-box enclosure.

HIGHLIGHTS

PRO-LEVEL AMP MODELING WITH BIAS TWEAKING

12 legendary amp models: Vintage (Fender Twin Reverb/Super Reverb), Classic (Fender Vibro King/Mr.Z 38), Modern (Cali Crunch/Brit Blues), Brown (Fireman HBE/Brit 800), Red (Dual Rectifier/Slo 100) and Iridium (Uber/Die VH4)
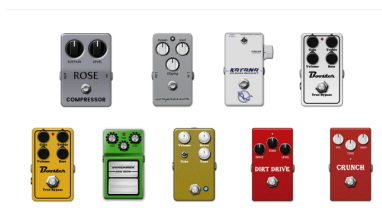

THE BEST IR TECHNOLOGY

1024 samples IR resolution with 3rd party IR loader capacity makes you easy to bring your favorite amp sound everywhere.

AMP ACADEMY NGS-6
# AMP MODELER STOMP BOX

FX SECTION & MORE

Compressors, boosts, overdrives, distortions, reverbs + Noise reductor + 6 band Eq.

USB AUDIO STREAM

For home studio and silent practice, Amp Academy's USB audio stream makes it the Swiss Army Knife of interface capability. Connect the USB to your PC, and you can record tracks, run Plug-In, and even do live-stream with Amp Academy.

In Normal mode, you can choose Loopback to play the playbacks from PC to do live stream. Re-amp: Amp Academy offers 4 tracks for Dry Out and Re-amp recording applications.

DRUM & LOOP FUNCTIONS

Amp Academy editor offers Drum & Loop function to let you enjoy playing guitar in more places, more often.
