KEY RING WITH BURMA PADOUK PICK

All the magnificence of the colourful Timber Tones in key ring form. In addition to looking good, they give a good grip to your bunch of keys and introduce you as a guitarist of great taste to the eyes of the world. We all know a guitarist who claims good plectrums are not worth it because he/she loses them on a regular basis. Well now that your keys are attached to it, you have no excuse! And you better watch out. Burma Padouk is well known for its mellow rounded tones on an acoustic guitar. If the frequency of your guitar is slightly too bright for your ear then Bubinga will add some mid and lower tones on most guitars.
