

PLUG&GO**SET OF 10 GENERIC EARPLUGS WITH TRAVELBOX**

As a specialist in the field of hearing protection, Alpine has developed an extra-soft, low-pressure foam earplug solution that provides a very comfortable fit. The self-adjusting, curved and tapered Plug&Go earplugs expand to fit all ear canals without producing skin irritations. Each package offers 5 pairs of earplugs. Extra feature is the special designed and handy plastic travel box, for protection of your earplugs in a very hygienic way. The travel box can be used as a key chain, so that you will always carry your earplugs with you.
