VINTAGE-STYLE STANDARD SERIES STRAT® TREMOLO ASSEMBLY ('06-PRESENT), CHROME

Made for Fender® instruments in a variety of vintage-style and contemporary models.

Nickel-plated steel vintage-style bridge assembly with six bent "Fender" stamped saddles. Assembly includes saddles, intonation screws/springs, and saddle height adjustment screws. Tremolo block will accept standard 10/32 thread tremolo arm. Does not include mounting hardware, tremolo claw, tremolo springs or tremolo arm.

Assembly features 2-1/16" bridge mounting spacing. As a result, bridge mounting screws will not directly fit onto a vintage or vintage reissue instrument and modification will be required.

Used on most Standard Series, Deluxe Roadhouse/Lonestar, and Blacktop Series Stratocaster® models (Mexico) manufactured '06-Present.
