ZOMO P-XDJ-XZ NSE - FLIGHTCASE PIONEER XDJ-XZ

With the P-XDJ-XZ NSE from Zomo you get an excellent flightcase for the Pioneer XDJ-XZ. Beside the stylish look the equipment flightcase also convinces with a hard-wearing quality. The P-XDJ-XZ NSE extends the stylish NSE series (Night Style Edition) with a new DJ Case. The extra wide and black lacquered aluminium profiles and massive ball corners provide an absolutely high durability and set professional details. Produced for the challenging DJ use, the Zomo Equipment flight cases are unrestricted road- and airworthy and protect your sensitive DJ equipment against damages, leaked drinks or falls. Also optically the Pioneer Equipment Flightcase can inspire completely. The modern design in dark, black NSE (Night Style Edition) is simply stylish and an eye-catcher. To protect the controller from scratches, bumps or other damage, the XDJ-XZ Equipment Case is equipped with a practical inner padding. The P-XDJ-XZ NSE is resistant to cigarette burns and abrasion thanks to the solid, laminated 9mm plywood. Even while your DJ Gear is still in the case, the front cover can be removed quickly and easily before the gig. As separate accessory we have the ingenious Zomo EA-1 ergonomic adapter in our assortment. With this adapter you can connect your headphones to the DJ mixer in a material-saving way.
