

KTR26

1X6.5" ULTRA-COMPACT PASSIVE ALUMINUM ALLOY SUBWOOFER, 2 ? (BLACK COLOR)

The Truffle-KTR26 is the biggest model in the compact line of Truffle subwoofers, designed to deliver powerful and precise low-frequency performance in professional audio systems, hotel audio systems, sound systems for restaurants, retail sound systems, and home theater systems, where compact size and clean aesthetics are essential.

It combines lightweight construction, durability, and a minimalist aesthetic, featuring a 6.5" woofer paired with a 6.5" passive radiator delivering 45 Hz – 150 / 500 Hz (-6 dB) frequency response and up to 120 dB peak SPL.

A dedicated preset, loaded on board K-array amplifiers, ensures optimal performance and reliable operation in home subwoofer and installation-focused applications.

HIGHLIGHTS

EXTREMELY COMPACT ALUMINUM ALLOY SUBWOOFERS

An impressively small low-end source designed to remain hidden from view and easily concealable.

HIDDEN BUT POWERFUL

Because of longer wavelengths, low-end frequencies are able to pass through most obstacles which is precisely why the Truffle was designed to remain hidden from view.

PRODUCT DETAILS

KEY FEATURES

Crafted from aluminum alloy
Lightweight, durable and minimalist aesthetic
2 ? nominal impedance
45 Hz - 150 / 500 Hz frequency response
IP64 Rated

SPECIFICATIONS

Type	Passive Subwoofer
Transducers	1x 6.5" Woofer + 1x 6.5" passive radiator
Frequency Response	45 Hz - 150 / 500 Hz (-6 dB, with dedicated preset)
Max SPL	120 dB
Coverage	Omni
Nominal Impedance	2 ?
Power Handling	100 W
Connectors	2-pin Euroblock
IP Rating	IP64
Dimensions (WxHxD)	182 x 176 x 341 mm (7.1 x 6.9 x 13.4 in.)
Weight	3.5 kg (7.72 lbs.)
Material	Aluminum
