## PRODUCT DETAILS

### KEY FEATURES

**LUBRI COAT:** With a "Solid Luburication Coat", regular oil has been eliminated keeping the lubrication where it is needed for the life of the tuning machine heads. it is now enhanced with a GOTOH original anti-transformable lubrication oil and this reduces the friction between the gears resulting an ultra smooth feel minimal back lash and unrivalled tuning stability.

**ROCK SOLID:** Anchoring system developed by Gotoh that prevents movements outside the central axis of the pin thereby promoting a greater stability of tuning.
