DJ RECORD BAG (CAPACITY: 60 LPS - BORDEAUX COLOR)

20102609

The Technics DJ-Bag is the perfect combination of style and practicality for DJs and vinyl enthusiasts. This high-quality bag is impressive not only for its iconic Technics logo, prominently displayed on the front, but also for its well-thought-out design. With a capacity of up to 60 LPs, it offers sufficient space for your vinyl collection or your DJ equipment.

Thanks to the sturdy, removable plastic insert, the bag maintains its shape at all times and offers additional protection for your valuable records. The practical shoulder strap ensures a high level of comfort, even when the bag is fully loaded. Available in many fashionable colours, the Technics DJ-Bag is not just a useful accessory but also a real eye-catcher at any gig or event.

Another special feature is the side pocket, which offers additional storage space for smaller items such as headphones, adapters, or cables. Whether you are on your way to your next gig or want to store your collection securely – this bag is ideally suited for every situation.
