GOLDEN MELODY TREMOLO HARMONICA - TUNING C >DO

Harmonica, a natural globetrotter in all kinds of music: Rock, Pop, Jazz, Blues, Folk, Classic and much more! The harmonica is nowadays popular in almost every music style, and Hohner, the world's biggest manufacturer of quality harmonicas, is proud to be a supplier of high quality instruments for exactly 150 years now. To continue this tradition we are investing constantly in research and development. The tremolo harmonica's distinguishing feature is that it has two reeds per note, with one slightly sharp and the other slightly flat. This provides a unique wavering or warbling sound created by the two reeds being slightly out of tune with each other. These so called 2-voice instruments are ideally suitable for traditional folk music.
