F GRIP 351 PICKS SHELL 3-PACK

True to our spirit of blending tradition with innovation, we've applied the classic look of a multi-ply pickguard to the F-Grip pick. Substantial, clever and distinctively Fender, these 3-ply celluloid picks feature an engraved F-shaped logo in the top ply that reveals the middle layer and creates an unyielding grip. Its unique beveled-edge design adds a touch of treble to your tone while allowing you to pick faster. Play with confidence and style—it's in your hands.

PRODUCT DETAILS
