

## VIOLIN / VIOLA SERIES

### W - 1

**Portable piezo pickup for violin and viola.**  
Passive sensor installs at bridge.  
Jack housing and clamp feet are lined with protective cork.  
1/4" jack socket.

### W - 2

**Portable piezo pickup for violin and viola with volume control.**  
Passive sensor installs at bridge.  
Built-in potentiometer allows volume control from the stage. Protective cork keeps instrument safe.  
1/4" jack socket.

### W - 3

**Portable piezo pickup for violin and viola with deluxe ebony jack housing.**  
Passive sensor installs at bridge.  
Solid ebony jack housing and clamp feet are lined with protective cork.  
1/4" jack socket.

KNA offers elegant, cost-effective piezoelectric solutions with little or no modification to fine instruments. Handmade in Europe.

## KNA HANDCRAFTED PICKUPS 2016

## GUITAR / UKULELE SERIES

### NG - 1

**Portable piezo pickup for nylon string guitar.**  
Passive. Holds to tie bar via tension from tuned strings.  
1/8" to 1/4" cable included.

### UK - 1

**Portable piezo pickup for ukulele.**  
Passive. Fits most soprano, concert, tenor and baritone ukuleles with a tie bar.  
1/8" to 1/4" cable included.

## VIOLONCELLO / DOUBLE BASS SERIES

### AP - 1

**Portable piezo pickup for guitar and other acoustic instruments.**  
Passive transducer attaches safely and securely with self-adhesive.  
Complete with a detachable 1/8" to 1/4" cable.

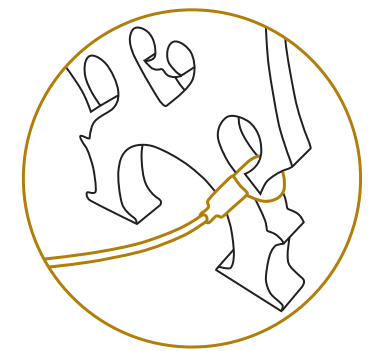

### AP - 2

**Portable piezo pickup with volume control.**  
Passive transducer with built-in potentiometer, allowing volume control from the stage.  
Attaches safely with self-adhesive. Includes detachable 1/8" to 1/4" cable.

### VC - 1

**Portable piezo pickup for 'cello.**  
Passive sensor installs in eye slot of bridge, held in place via friction.  
1/4" socket attaches securely to tailpiece with Velcro band.  
Tone wood shims included.

### DB - 1

**Portable piezo pickup for double bass.**  
Passive piezo sensor installs in eye of bridge, held in place via friction.  
Jack housing secures easily to tailpiece string slot with non-destructive screw assembly. Tone wood shims included.
