

Alpine

EARMUFF FOR DRUMMER-BK

ISOLATION HEADPHONE FOR DRUMMER

As a drummer or other musician you're facing a lot of noise. Would you like to enjoy your hobby or work for many more years? Then it is important to protect your ears with this hearing protector from Alpine. The solid earmuffs have a attenuation of 25 dB. With this you can protect your ears and at the same time you will be able to drum and perceive your surroundings . The black earmuffs look very cool and the fabric headband plus soft ear pads provide extra comfort. That way you can practice for hours without distraction. The adjustable headband fits everybody and thanks to the foldable size the earmuffs are easy to take with you to the studio or a performance.
