FLIGHTCASE P-DDJ-FLX6 PLUS NSE

With the P-DDJ-FLX6 NSE Plus from Zomo you get a stable flightcase for the Pioneer DDJ-FLX6. The P-DDJ-FLX6 NSE Plus in the popular NSE (Night Style Edition) inspires thanks to its night-black optic. This equipment case was made to master the strenuous tour use without any problems and convinces with its extremely resistant quality. To prevent the DJ controller from shaking, the DDJ-FLX6 Flightcase is equipped with a high-quality inner padding, which reliably protects the equipment from shocks, scratches or negative influences. Zomo equipment cases are of course suitable for touring and can easily cope with exhausting DJ-everyday life. Cigarette burns, heat or even abrasion can't harm the P-DDJ-FLX6 NSE Plus thanks to the robust processed, laminated 9mm plywood. The extra strong, black lacquered aluminium profiles and extra stable ball corners guarantee a very high resistance and provide attractive and noble design accents. The ingenious butterfly latches provide an extremely strong hold of the cover and easy opening and closing. Additionally all NSE Equipment Cases are lockable with an optional padlock for extended protection against thieves. The stylish and up-to-date design in the dark black NSE (= Night Style Edition) completes the concept of the Zomo Equipment Case beside the high professional quality also in design.
